

Ritual Coffee

Ritual Coffee Roasters opened their doors on Valencia Street in 2005 and started what some call a coffee revolution in San Francisco. Their goal is to craft the very best cup of coffee available anywhere. Period. In addition to their Roastery in the SOMA district, Ritual has three high-volume cafes in San Francisco and one in Napa. Ritual buys the highest quality coffee directly from the farms/producers in Latin America and Africa, and then light roasts them in order to accentuate the intrinsic qualities from within those special beans. Roasts focus on highlighting brightness and clarity.
