

INTRODUCING NESPRESSO MOMENTO 120

Features touchless brewing options and a built-in tank for fresh milk to create exceptional, barista-quality coffee drinks.

Nespresso Momento 120 allows you to program up to 10 specialty coffee recipes. Choose from 12 specialty coffee drinks like Lattes, Cappuccinos and Macchiatos and 5 coffee sizes from Espressos to Americanos.

NESPRESSO MOMENTO — NOW FEATURING LOW-TOUCH AND TOUCHLESS BREWING

COFFEE HOUSE EXPERIENCE

- Creates exceptional, barista-quality coffee drinks
- Recognizes capsule and recommends best way to brew
- Settings for desired temperature and coffee cup size
- Refrigerated milk container keeps milk fresh longer
- Automatic capsule ejection and heated cup storage area

INTUITIVE AND SMART

- Touchscreen display or enabled touchless technology delivers exceptional ease of use
- Proximity sensors detect your presence and wake up the machine
- Telemetry functionality supports software updates and provides usage data and maintenance alerts
- Optimized for energy and water efficiency
- Made from easy-to-repair components — only the brewing module needs to be changed if necessary

SAFER WAY TO ENJOY COFFEE

- Fully enclosed, single-serve system designed to be both easy to use and easy to clean.
- **Features:**
 - **Lock Screen** prompts user to clean the screen before use
 - **Automatic Brewing** recognizes capsule and brews coffee without a touch
 - **Remote Brewing** enables remote brewing by scanning QR code on the machine
- Rinses automatically throughout the day
