

Kalerm Fresh Milk

Delivering café-quality coffee in every cup, the Kalerm X860C brings a better office coffee experience with fresh milk, precise grinding, and consistent brewing. Two whole-bean hoppers and two powder canisters give users plenty of drink options, from everyday coffee to specialty favorites. The 10.1" touchscreen makes selection and customization quick and intuitive, crafting perfect drinks in just a few taps.

FEATURES:

- Brews between 60-105 drinks per hour
- Fresh milk tank
- 10.1" touchscreen
- High accuracy grinding system
- Golden, 9-bar extraction for every cup
- Sleek, minimalist design
